

# MATERIAL SAFETY DATA SHEET

## GRAPE JUICE CONCENTRATES

Last Reviewed: January 3<sup>rd</sup>, 2013

<b>I. Identification of Product and Manufacturing Company</b>  Product Name: Grape Juice Concentrates Use of Product: Food Ingredients Manufacturing Company: San Joaquin Valley Concentrates 5631 E Olive Ave. Fresno, CA 93727 USA  Telephone: +1 (559) 458-2500 Fax: +1 (559) 458-2564
<b>II. Hazards Identification</b>  Grape Juice Concentrates are not classified as a dangerous substance
<b>III. Composition and Information on Ingredients</b>  Ingredients: grape sugars, acids and water
<b>IV. First Aid Measures</b>  Skin Contact: wash with water Eye Contact: rinse with plenty water Ingestion: seek medical attention if excessive Inhalation: seek medical help if excessive
<b>V. Fire-Fighting Methods</b>  Grape Juice Concentrates is not an inflammable substance
<b>VI. Accidental Release Measures</b>  Environmental Precautions: keep away from draining and surface water Personal Precautions: none Methods for Cleaning Up: absorb onto inert material. Water wash to remove the further material
<b>VII. Handling and Storage</b>  Handling: no special requirements Storage: the product should be refrigerated or stored at 0°F or lower in food grade containers
<b>VIII. Exposure Controls/ Personal Protection</b>  Respiratory Protection: not necessary Protection of Hands: not necessary Protection of Eyes: not necessary Protection of Skin: not necessary

# MATERIAL SAFETY DATA SHEET

## GRAPE JUICE CONCENTRATES

Last Reviewed: January 3<sup>rd</sup>, 2013

<b>IX. Physical and Chemical Properties</b>
Appearance: liquid
Color: pale yellow to amber-White Grape Juice Concentrates light to dark Red/Purple – Red Grape Juice Concentrates
pH: 2.6 to 3.5
Specific Weight: 1.30 to 1.40
Boiling Point: > 100°C
Inflammability Point: not inflammable
Explosive Features: none
Solubility: water soluble
<b>X. Stability and Reactivity</b>
Conditions to avoid: high temperatures
Substances to avoid: strong oxidizing agents
Decomposition Hazards: none
<b>XI. Toxicological Information</b>
Grape Juice Concentrates are not a toxic product
<b>XII. Ecological Information</b>
Grape Juice Concentrates can be easily removed by using water Grape Juice Concentrates are a bio-degradable product
<b>XIII. Disposal Considerations</b>
Grape Juice Concentrates can be easily removed by using water
<b>XIV. Transport Information</b>
No particular precautions are required
<b>XV. Regulatory Information</b>
Grape Juice Concentrates are in conformity with: - 21 CFR 73.250 as a fruit juice
<b>XVI. Other Information</b>
